FIRST DAY COVER—SPECIAL

Few collectors knew about the new 2c New Brunswick stamp in time to secure their first-day covers, and as a result, quantities are extremely limited.

Only two cities in the Dominion of Canada placed this new stamp on sale on its official first-day of issue, August 16th. The cities were Ottawa, Ont., and St. John, New Brunswick.

I have been fortunate in securing a few of these covers and can offer them, with a single stamp on, only, as follows—

Ottawa, Ont., or St. John, N. B., either cover..... \$1.00

THE EXPANSION ALBUM

JUST what its name implies. An album so built that it may be expanded to three or four times its original size or capacity. Sold originally with 100 pages, you may add another 100, 200 or 300 pages in the same binder with no additional cost for binders.

THE BINDER is of the finest quality workmanship built to last a lifetime, heavy board, a full quarter inch thick, covered with red Buckram and with black leather corners, round cornered and back strip and hinge of black leather. The backstrip is made of tubular aluminum and covered with black leather. A substantial heavy binder that will stand very hard usage. Cover stamped in gold.

Both front and back covers are separate pieces, the pages are held between the covers with brass screw posts which permits of expansion to any thickness.

PAGES are $11\frac{1}{4} \times 11\frac{3}{8}$ inches, round cornered, printed on 28 pound ledger paper. Printed from new quadrille plates in grey ink, with a mounting area $9\frac{1}{2} \times 7\frac{1}{2}$ inches. Pages are marked in quarters with guide marks for easy arrangement in mounting.

The album lays open readily at any point and a stub is included between each ten pages so as to allow for expansion caused by mounting stamps on the pages.

This is a new idea in albums, yet a practical one and the only style of album that will permit of unlimited expansion and addition of more pages without buying extra binders.

The entire album is built of highest quality material. It is solid, substantial and economical on account of the expansion feature which permits the use of 300 to 400 pages in one book without the additional cost of extra binders.

COLUMBUS, OHIO, SATURDAY, SEPTEMBER 8, 1934

Whole No. 306

"Entered as second-class matter March 13, 1929, at the post office at Columbus, Ohio, under the Act of March 3, 1879."

Well, What Do You Know?

Only a month or so ago, we seem to remember, that the covers of the various Journals of Philately were simply bulging with the righteous and indignant criticism of the Collector. —And why not? We took the POD out of the red, didn't we? Yesh, we can remember 'way back in the early days of stamp collecting when they left Mother's feet out, cramped the style of the St. Mary's, issued ungummed imperf souvenirs, et cetera, and what not! We sure got a real Kick out of Kicking, remember? Each of us tried to complain the more. Not a single issue got by without the closest scrutiny.

But by that time General Jim had firmly established himself as GPM—and was concerned. So he calls a grand mass meeting in DC and makes a speech. Says he—"There are 10 million stamp collectors in this country. I know, for I've recd over 9 million complaints about Mother's feet. Now 10 million is some vote and we've got to corral it. But stamp collectors are not politicians, so let's give 'em stamps. Now, everybody write down their suggestion for a new stamp and we'll issue all of them". The General was not entirely satisfied as the total for the year didn't quite reach sixty,—and this included Santa Claus, just as a last gasp.

No one was just quite certain whether or not the Collector would take kindly to the Dollar Duck, so just to make sure, they threw in a few twisted transfers and omitted "F" (say, what is an "F" anyhow?) from the Wise, shoved a cloud up over El Capitan, and stuck an extra transfer over GC. That ought to hold 'em till football season at least, then we'll let the Army and Navy have 'em. But, just in case, stand by with the Presidents and start shoving them at the first squawk. We can't stand for criticism of our art department, any more.

Well, "orders is orders", and can we take it? But seriously, fellow collector, do you not really think that the deluge of philatelic specimens (stamps) issued to us during the past sixteen months are something to be proud of? Think how, when your beard approaches the proportions of Hayes or Harrison, you can say to the annual convention of your local Philatelic Association—"I remember when—". Honestly now, is not the Wisconsin a wonder? Do you believe, as I do, that the Parks series will receive international recognition for their beauty? Further, with no reports available, let us predict that the Presidents, when and if, will replace the "Series of 1902" as the popular issue of regulars.

Again,—since March, 1933, we can count the issued and more or less definitely anticipated issues, as three Air Mail with a face of 72c; and nine special issues of twenty-three stamps having a face of 92c. A total of \$1.64 or 10c per month. Reasoning that a single specimen of each available issue constitutes a complete collection, contrast this with the Columbians with a face value of \$16.34. Or compare the Parks at 55c with the Omaha at \$3.80. We may be having a large number of new issues to absorb, but surely, the POD is making it as easy to bear as possible. One more,—let us say that the CP imperfs at a dollar may have been a "hang-over" from White Plains, whereas the 18c Blue-Byrds were "our own idea" for the "Forgotten Stamp Collector."

Truly, we are Collectors of Stamps. Therefore, DC will humor us, but in such a way that we may be able, financially, to bear the burden of keeping abreast. Developments and releases since our philatelically controlled government in Washington became acclimated, seem to indicate that the second Zepp Junket and the large CP souvenirs may have been mistakes or were spontaneous issues of established precedent. FDR said

that he did not expect to be able to "bat 1000 pct.",—who can? We do have to give DC credit for building up the volume and appearance of our albums, at a minimum of cost. Let's quit our kicking about water over the dam and boost awhile. How about a new kind of a cachet?—A surprise letter of appreciation to the GPM expressing your appreciation of the recent issues,—or don't you like 'em? At least, it's a good way to get rid of a straight-edge. But, if you do, be sure and mention the new size, he would be interested to know if you appreciate the extra half-cent per hundred that these cost the Bureau.

Well, so long; 'be seeing you at the stamp window—

—CHIPS.

Special Flight for AAMS Convention

A special demonstration air flight was scheduled for the benefit of the members of the American Air Mail Society in convention at Chicago, August 30 to September 1.

Arrangements were made whereby the Braniff Air Lines, A. M. 9, were to run a special plane to carry the first official air mail between the Century of Progress Post Office and the Chicago Municipal Airport. Pouches were to be picked up and delivered by a non-stop airplane by use of the Adams Devices. The pickup at the fair was to be from the center of the Lagoon.

An artistic cover was provided for collectors, and it is believed that there was an official cachet.

A telegram regarding this event came just too late to get into last week's paper, which would have been in time to have permitted many collectors in all parts of the country getting covers on this special flight.

Irish Can't Agree

Elsewhere in this issue we print an item from a New York Irishman who commented on our recent article about the new Irish Athletic Stamp. Mr. Furey called the club in the athlete's hand a "Camen," and said the game was not soccer, but did not name the game that was played with the alleged club.

Now comes a California Irishman, who says the "big slabs," as they are called, are used in the game known as "Cricket," and are correctly called "bats."

This information comes from Mr. F. H. Wilde of Compton, Calif.

Now maybe some other Irishman will have a different version, and the first thing we know someone will be writing in about the "big slabs," and then, the next thing we know, the editor will be accused of having "bats" in his belfry.

Perhaps we ought not have started this argument, but we are going to live in hopes that Charles Bourke, who is still on the "ould sod," will send us over a correct description of the stamp.

The editor himself being a mixture of Scotch-Irish and Pennsylvania Dutch, is hardly qualified to speak authoritatively on such matters.

Fraud Order Lifted

The following letter from Washington will be of interest to some of our readers who have inquired regarding this matter. We might suggest that those holding approvals from Eugen Sekula should hold them until such time as the order is lifted or that they might arrange by addressing Bela Sekula, to have him receive returned approvals and remittances for Eugen Sekula.

Following is the letter from Washington:

"Mr. George W. Linn,
Columbus, Ohio.

My dear Sir:

In reply to your letter of the 22nd instant, addressed to the Third Assistant Postmaster General, in reference to the fraud order issued on July 19, 1934, against Eugen Sekula, Inc.; Eugen Sekula; and Bela Sekula, at Lucerne, Switzerland, I regret to advise that in view of the provisions of this fraud order this Department is unable to inform you how readers of your publication can communicate through the mails with Eugen Sekula with a view to returning to that party lots of stamps sent them for approval.

I may state that on proper showing made by Bela Sekula, so much of the fraud order as covered that name was revoked on August 21, 1934.

The provisions of the fraud order do not prohibit mail addressed by Eugen Sekula to persons in the United States from reaching such addresses. They prevent mail from reaching Sekula addressed to him by persons in this country and forbid the certification of any money order drawn in favor of the names appearing in the fraud order.

Very truly yours,
Karl A. Crowley,
Solicitor."

Mixed Colors

It's finally come about—the confusion of the 3c—or was it the 2c—Maryland is to be repeated. The POD managed to release four of the Scenics, successfully, and with little criticism. But now! The 9c has just arrived as the fifth of the series.

Have been wondering what would be the first point of attack on the issue ever since the first release. For a month, we've been concerned about that queer shade on the 2c Grand Canyon. Well, WE'RE OFF—it's a 9c shade. Compare 'em. Try "sun-tanning" your 9c and sure enough you have a 2c. Too bad.

But we are collectors! Why should we care if the PO employees become color blind. It sure is none of our concern. What? The whole issue still appeals to our sense of beauty and proportion. That is, unless you happen to get a 1c due on your 9c FD—that's room for a kick. —CHIPS.

U. S. Stamp Pictures

A few weeks ago Linn's Weekly printed a brief note calling attention to the fact that the Falls pictured on the current 25c U. S. Postage stamp were the Canadian Falls or Horseshoe Falls of Niagara. Mention was made of the fact that when it was found that a recent Philippine stamp had an American waterfall pictured on it the stamp was withdrawn. Yet the Post-office Department is content to picture a foreign waterfall on our postage stamps.

Now Mr. Ripley pictures the current 25c stamp in his syndicated newspaper feature illustration "Believe It or Not!" This syndicated feature is published in the Hearst newspapers. We also note that it is registered in the U. S. Patent Office. What we do not know however is how Mr. Ripley or the newspaper can print pictures of United States Postage stamps and when a stamp dealer or publisher even prints anything that someone thinks someone else might think, looks like a postage stamp, official Washington begins to buzz.

Clippings of this Ripley feature, which by the way Mr. Ripley fails to credit to Linn's Weekly, came to us from a dozen or more readers from all parts of the country.

A Real United States Catalog at Last

Announcement of the regular Scott Catalog for September 10th has been made in the Philatelic Press and doubtless collectors are eagerly awaiting their new book.

Now comes an announcement that will be hailed with greater delight by the thousands of collectors in these United States who seem to think that collecting United States stamps is about all that they can manage.

The new United States Catalogue will not be designated as a Specialized Catalogue. On the other hand it will become a complete catalogue of United States stamps. It will contain all that has previously been included in the Specialized Catalogue, and Scott's Supplementary Catalogue of United States stamps. (This doubtless means Telegraph and Local stamps.) It will also contain all Postmaster Provisions, all Confederate States and all stamps issued during the United States Administration of the Canal Zone, Cuba, Guam, Philippines and Porto Rico.

All United States postal cards will be included, as well as all Private Perforation varieties of United States Coil stamps, also envelopes, revenues, etc.

From the announcement, we believe that collectors will be offered a catalogue that contains everything in United States issues, both private and Governmental.

Such a catalogue has long been needed and the great interest in U. S. issues alone will make this book an exceedingly popular one.

The price will be \$2.50, postage extra, shipping weight 2 pounds and may be had from your dealer or from the Scott Stamp & Coin Co., publishers at 1 West 47th Street, New York, N. Y.

A Joke on "Pop"

A couple weeks ago, Bob Richardson of Akron advertised a Precancel Collection for sale. Shortly after the advt. appeared, Bob advised us that the collection was sold, said "the advt. would do no good, as 'Pop' (Walter Poppenger) had the lot down at his store to show to a fellow, and darned if he didn't buy it. What tickles me most is that this is one of the biggest sales 'Pop' has made, and you know his attitude on precancels."

Well, anyone who has been inducted into the Visiting Firemen by "Pop" knows his attitude, and since this sale "Pop" will have to get a new ritual worked out, for he certainly cannot continue with the one he has been using, after an event of this sort.

PHILATELIC BALLYHOO

BY WINDY WINCHILL

A Spasmodic Feature of Linn's Weekly Stamp News - - - Published If, As and When

REVENUES of the U. S. and colonies were in for a boom of interest . . . but the sudden death of the man fostering and guiding it has ended for the time the project . . . plans were to eventually catalog these now little known issues . . . the same fellow pioneered in popularizing two other specialties now in the lead in U. S. collectors albums . . . foreign revenues and foreign postal stationery similarly await only some persevering person to return them to popularity.

* * *

The Phil. Agency has made a telling counter claim to the complaints they are slow . . . viz: that collectors' mistakes in ordering causes the delay . . . cachet directors can testify that a fair %age of collectors have a most irritating faculty of misinterpreting even the simplest of printed instructions . . . the dumblessness of some of these people certainly gums up the works.

* * *

One book you WON'T find in crash and most other cover collectors library will be Robson Lowe's new catalog of Br. Colonials . . . the preface makes it very clear in bloomin' good English that the first mentioned enthusiasts are not much better than a pack of morbid, bloodthirsty ghouls . . . we rather expect the "ghouls" to retort with some nasty crack anent Britains cavalier treatment of cover collections.

* * *

Is the Precancel Bee ill? . . . not a word mind you, not so much as even the teeniest of wrist slaps was in the last issue to reprimand Walter Scott for his temerity in lambasting this touchy branch of the hobby . . . the attitude of hostility toward the Scott (not the above Walter) catalog by dealers is very much more apparent this year . . . the fact that much of the stamps in popular demand are priced on a net or variable discount basis is making all sorts of trouble.

M. W. BELCHER

4006 Warwick, Kansas City, Mo.

The subject has caused more than one dealer's face to get even redder than it does at a 2 A. M. stamp party . . . you "50% off" hounds are warned to not get insistent on these terms . . . or you'll wake up to find yourself dead with a coroner's jury nodding their heads and muttering "justifiable homicide" . . . the day of every foreign stamp being purchasable at 50% or more "off" is past as long as the Scott kitty and kittens remain on their present terms.

* * *

We can supplement Pades comments on underpricing with a couple of star examples . . . the much mentioned 10c Sanchez-Cerro stamp of Peru which Scott lists at 8c . . . just try to get a copy at even the full cat. . . it has sold as high as \$10 and a recent writer mentions 50c as the lowest he has known . . . another is the 10 peso 1921 Mexican commemorative listed at \$10. . . just better than double face . . . the only offer of it recently was a French dealer asking 175 francs . . . over \$12.

* * *

DID YOU EVER NOTICE THE PERUVIAN SEMI-POSTAL WITH PICTURE LABELED "SYMBOLICAL OF LABOR"? . . . IT SEEMS VERY APPROPRIATE TO US AFTER READING ABOUT ALL THESE STRIKES.

* * *

For the fellow apparently is about to heave a brick! . . . now don't you union fellows get mad because . . . he was probably throwing it at a columnist anyhow.

* * *

Now that the movie "Treasure Island" is being shown by your favorite "stupendous, gigantic, colossal" picture house it might interest you to know that there really is a Treasure Island with a postoffice and everything . . . right here in the U. S., too . . . apparently it's a Boy Scout Camp on an island in the Delaware River adjacent to Hunterdon County, N. J. . . was only a summer postoffice and covers didn't get very cordial reception for the Scoutmaster-Postmaster must have had plenty to do with droves of hatchet-carriers in his hair to bother with postmark fanciers . . . we'll just bet that Stevenson's original was a quieter place than its U. S. counterpart.

* * *

The Russian first printed commemorative shows what is known as the "Washington hand press" . . . a recent Sat. Eve. Post had an old time country printers' story of the caprices of these atrocities . . .

something we've always suspected . . . but can't prove . . . is that Latin-American photograph galleries have a stock prop consisting of a coat with high chin-lifting collar, a pair of those enormous epaulets (seen only on stamps) and medals and yards and yards of gold braid . . . why do we think so? . . . just look at the identical clothes all the "spigs" wear (on stamps) . . . another reason is that since those epaulets cost \$30.00 a pair and up . . . and they seem to prefer the \$75.00 size . . . they couldn't afford it.

* * *

Ever notice that Bolivar is the one big-shot not wearing a flock of medals over his ticker? . . . seems the old boy resented all those who gave them turning traitor to him and otherwise being kinda ungrateful . . . so he decreed that no portrait of himself shall show any except the medallion at his throat containing some of G. Washington's hair! . . . so every time his picture appears on a Latin-American it emphasizes the old boy's revenge.

* * *

Stamp exhibits are appearing everywhere . . . the Tuscarawas County (Ohio) fair lists them as a separate competitive group . . . that will certainly do the hobby good in those parts.

* * *

Mike Eidsness is finding out that collectors don't swallow everything he says . . . trying to tell them that the Battle of Burpville commemorative shouldn't be sold at Burpville on the first day simply on the allegation that Washington cancels stamps better than elsewhere is currently believed to be one of the goofiest arguments ever seriously propounded.

* * *

We've got a lot of the cancels put out from Congressvillage . . . they're a long way to go before perfection is reached.

Pittsburg in October

The Philatelic Society of Pittsburgh is now able to announce that arrangements have been perfected whereby quarters in the Keystone Hotel, Wood Street at Third Avenue, Pittsburgh, have been secured for its Stamp Exhibition and Open House, to be held Saturday and Sunday, October 27 and 28, 1934. It is not too early for all our philatelic friends in Pennsylvania, and the neighboring states, to plan to be with us for this occasion.

One hundred or more frames will be on display in the Red Room (the showing is limited to members of the Society), which will afford ample opportunity for viewing the exhibit under most favorable conditions. The Bourse will be conducted in this room, and on the adjoining balcony. (The Exhibition and Bourse will be open from 2 p. m. Saturday until 5 p. m. Sunday.)

Registration will be in the Red Room also. Reservation for the banquet (at 6:30 p. m. in the Grill Room) should be made as early as possible, so that no one will be disappointed. There will be little or no formality connected with the dinner. Lengthy speeches (and so-called short ones, also) will be taboo. Instead there will be a high-class musical program, and a well-known baritone will be heard at intervals. A small auction of 25 choice lots will follow the dinner (8:00 p. m.). At its conclusion the clans will gather. Visiting Firemen of Philadelphia, and the Ladies of the Sprinkling Can Brigade will also meet to dispose of whatever business may have accumulated. In fact, there will be so many things on tap, that time will not hang heavily on the hands of any one.

On Sunday morning, a sightseeing motor trip around Pittsburgh is planned for visitors and guests.

For the information of collectors who may be visiting in Pittsburgh at any time, the Philatelic Society of Pittsburgh meets on the first and third Mondays of each month (there is no shut down during the summer months), at 8:15 p. m., in the William Penn Hotel. A cordial welcome is extended to all visiting collectors. Members begin to assemble at 7:30 p. m., to exchange information, stamps, etc. before the business session. This is called to order about 8:30 p. m., and is very brief, lasting but a half hour. An auction of an hour and a half duration follows. There are always a number of circuit books on hand for inspection, and also dealers' sales books.

The 1934 officers of the Society are R. R. Dickson, president; F. E. Bright and W. A. Low, vice-presidents; Jack Daub, jr., secretary; and Harry E. Huber, treasurer.

When organized on June 21, 1888 (with 7 members) it was the Twin City Philatelic Society (Allegheny and Pittsburgh were then, and until 1908,

A CHANGE OF NAME Attention of our readers, as well as of our advertising patrons is called to the change of name that takes place in this issue. Heretofore, the name of LINPRINT has been carried in our pages as publishers of Linn's Weekly Stamp News. In the future the name will be LINPRINT INC. LINPRINT was incorporated on July 10. There are 2500 shares of stock at \$10.00 per share. Fifteen hundred shares of 6% cumulative Preferred stock and 1000 shares of Common stock. The stock is to be offered for sale at \$10.00 per share, one share of Common being offered with three shares of Preferred if desired. The Preferred stock is callable at any interest paying period after five years from date, callable at \$11.00 per share.

Permission has been granted by the Division of Securities of the State of Ohio for sale of stock in Ohio. We are now ready to issue stock certificates to any Ohio readers who wish to subscribe for stock. Application has been made to the Federal Trade Commission at Washington, D. C., for permission to sell stock in states outside of Ohio, and just so soon as the proper papers are received from Washington, we will be ready to issue stock certificates to subscribers outside Ohio. In the meantime, we shall

be glad to have subscription pledges from anyone outside Ohio, and same will be filed for future reference and notice will be sent as soon as necessary permit is received from Washington, when your subscription may be made and stock will be issued.

We anticipate a ready sale of the stock that will be available for our readers. So soon as our permit is received from Washington and necessary approval given, we will issue a prospectus setting forth complete details of the present status of our business, as well as our plans for the future.

Prior to the incorporation of LINPRINT, the printing plant of The W. M. Linn Sons Company, which was a separate business, was combined with LINPRINT, so that hereafter Linn's Weekly Stamp News and all publication of LINPRINT will be printed and produced in our own printing plant.

It will thus be seen that a substantial business, a business that has been operating in Columbus for over 35 years, is now a part of LINPRINT INC., and with the coming years we feel confident that the new plans under which we will operate will prove of much advantage to the business.

We had hoped to have all details worked out before this date, but unavoidable delays due to the very strict and complicated regulations of the new Federal Securities Act, have made it necessary that some parts of our plans be changed, and now that we have things in the proper shape, we hope to have approval of these plans within a very short time.

The new Cover Plates for Linn's Weekly are ready to print from. We shall plan to put these into use soon, and believe that all of our readers will be highly pleased with the beautiful new dress that will appear on this paper.

A COLLECTOR SINCE 1882, SAYS George A. Katzenberger of Greenville, Ohio, on an 1893 World's Fair Governmental Pictorial Postal Card which he mails us from the Exposition at Chicago, and remarks that he bought the card when he was at the 1893 Fair, forty-one years ago, at which time he was 25 years old.

THE NEW YORK AMERICAN announces that Mr. Justin L. Bacharach will edit the Stamp Review in its columns.

THE MUTUAL STAMP COMPANY of New York advises us of a mistake which they made in their advertising copy for the Imperforate 3c Mt. Rainier Stamps. The advertisement was on page 718 of our August 25 issue and offered pairs on cover at 14c and also blocks of four on cover at 14c. This latter price should have been 20c, and doubtless collectors who noted the two similar prices will understand this correction.

This new price enables us to put some really fine material into these lots — stamps we couldn't put into our old \$1 lots. Surplus stock of all kinds, stamps on old album leaves, etc., etc., are included. Slip a \$2 bill into an envelope today and try one. Jerry Erikson of West Hartford, Conn., honors us with a single and pair of the new Britain 121 but just too late for the first report. This item was announced last week. Sorry, Jerry, but perhaps we will catch one later. Send them in, credit will be given.

We are indebted to Mr. E. E. Parker of this city for a check of prices in the catalogue. Changes in blocks and all are so varied, both up and down that I believe the total catalogue value will total up about the same as the last edition. We again congratulate Dr. Mitchell on his pricing, as does Mr. Parker.

Here is a list of some of the most outstanding changes in block and pair prices. Also a few singles. New Britain, Conn., No. 101, pair, from \$1.00 to \$2.00; Chicago, No. 125, \$1.25 to \$2.25; Watseka No. 102, .75 to \$1.00; St. Meinrad No. 121, .50 to .25; Saginaw No. 2 Block from \$6.00 to \$10.00; St. Paul No. 2, \$20.00 to \$10.00; No. 54 from \$15.00 to \$35.00; No. 58 from \$15.00 to \$25.00. A real increase in the latter two items. Liberty, Mo., No. 101 and 102 are finally priced in pairs — \$15.00 and \$25.00 respectively. Brooklyn, N. Y., No. 2 from \$15.00 to \$25.00; Sheyboygan, Wis., No. 103, took a nice raise from \$12.50 to \$30.00.

Enough of the highlights as to prices, just order your catalogue and get to work. There is lots to praise in the new one and lots of work for all of us on our collections, so let's go into the new stamp year and get those missing spaces filled up.

Linn's Is Too Good

According to letters and telegrams coming to the office of Linn's Weekly, the publication brings some dealers so much business that they cannot fill the orders, and others so much business that they cannot handle it all.

A New York dealer advertised the National Parks 1¢ and 2¢ values used at wholesale, and he writes us, "I never experienced a response to an 'ad' like this in my 12 years of dealer experience. I am glad my 'ad' is out of your paper now on the Parks stamps."

Another dealer telegraphed us, "Please kill one inch ad for Italian Stamps; am swamped."

All of which is saying that if you have the goods that are wanted or make attractive offers, it is easy to get the business.

Special Chicago Service

The A. A. M. S. advance bulletin makes the following announcement: "Beginning August 30th and extending until November 1st, the Central Airlines will pick up mail from the Lagoon at the Century of Progress and deliver it to the Post Office Building through the means of a special invention of Dr. Lytle S. Adams. The flights will be officially authorized by the Postal Department and will bear a special cachet and cancellation. Special envelopes will be sold for sixteen cents, ten cents going to Mr. Adams and six cents for air mail postage. Address Dr. Lytle S. Adams, Booths 6-7 General Exhibition Building, Century of Progress, Chicago."

English Services

Warren L. MacKenzie writes that an experimental inland air mail service was inaugurated on August 20th. between Liverpool, Birmingham, Bristol, Cardiff, Plymouth, Southampton, and the Isle of Wight. Cowes is the name of the city on this Isle. The rates not over 2 oz. being 1½ p. and cards 1p.

Picard Flight

It is current news that Picard and wife, will carry 100 covers on their stratosphere flight shortly after Sept. 3, which are to be sold to collectors at a prohibitive figure for most of us.

Dedications

Fred H. Wilde writes that Allen Field, Terminal Island, Wilmington, Calif. is being greatly improved, and that if there is a dedication he will place all covers sent him for Downey airport, for that event.

Historical and Other Cachets

Boonesboro, Kentucky, will have a big celebration in honor of Daniel Boone in October, and R. P. Boone, 516 Queen St., Wilmington, N. C., offers to handle covers for the event and to mail same from Boonesboro, Ky. if one cent forwarding postage is enclosed.

Somerville, New Jersey, Post Office dedication will occur about Oct. 1st and covers for pictorial cachet may be sent to Fred E. Kaiser, of that city.

Trans-Atlantic Covers

With the completion of the S-42 which went into flying service this week, Pan-American Airways is said to have equipment by which 32 passengers and a ton of mail could be taken across the Atlantic by either the northern or southern routes in less than 30 hours of actual flying. The company is said to have made commercial arrangements with Iceland, Greenland, Newfoundland, Bermuda and Azores, by which either of these routes may be operated, so that it only remains for Uncle Sam to call for mail contract bids, which may not now be far removed.

At Harrisburg, Pa.

The Capital City Philatelic Society of Harrisburg, Pa., will hold its Eighth Annual Exhibition in the Y. M. C. A. Building at Harrisburg on September 17 to 22.

The exhibition is divided into several groups, with suitable awards and a loving cup for best exhibit in the show. Collectors interested in exhibiting can obtain a complete schedule by addressing Dr. Frank A. Stump Jr., 2142 North Second Street, Harrisburg, Pa.

In connection with this exhibition, there will be a cachet applied to covers for collectors. This cachet is to be printed on the envelopes after receipt of same. Send covers ready to go with postage on same and addressed. Allow liberal space for imprint of cachet at left side. Covers must be unstuffed and unsealed for printing. One cachet free to any collector. Additional copies at 2c each. Send covers to Dr. John A. Fritchey, 2016 North

MARSHALL R. HALL

Ships to Move

The Navy Department has officially set October 29 as the date for the fleet to start back to the Pacific coast. Except for the scouting force, the ships will spend the first three weeks of October in the Guantanamo area. Tactical maneuvers will follow, beginning October 22, including transit of the Panama Canal. By November 23, the entire fleet is expected to be reassembled in the San Diego-San Pedro area. December 8 to then 18, tactical maneuvers will then be held on the west coast, with the dirigible Macon participating. Now is the time to choose the ships you like, get your covers ready and send them to the mail clerks to carry and cancel on the cruise. Address all ships for the present care Postmaster, New York City.

Armistice Day

An elaborate cachet commemorating Armistice Day, November 11, to be mailed from at least two different ships, will be sponsored by Harry E. Whitelatch, 1233 Wilson Avenue, Columbus, Ohio. Send covers to him direct, together with 1 cent extra forwarding postage. The design will be by Richell, whose drawings have set a high mark in naval cachets.

New Fancy Cancel

A popular ship is going to use a fancy cancel on Columbus Day, October 12, and covers for this will be handled by William J. Hager, 9011 Newby Avenue, St. Louis, Mo. Send only standard 6½ size covers, ready to go, together with 1 cent additional forwarding postage, and covers must

Home Bound Cachet

It is to be expected that a number of ships will have nice cachets to apply during the trip back to the coast. One of the nicest will be used on the U.S.S. Northampton. Send five covers for this to Leo Miller, Navy Mail Clerk, care Postmaster, New York City.

Black Warrior Cachet

The U.S.S. Tuscaloosa is named for "Black Warrior," which the name means, and Martin S. Day, 1327 West Erie Avenue, Philadelphia, Pa., is planning a cachet for this ship's pending cruise. Rush him not more than seven covers for the trip, and you'll get some nice ones back.

Tri-Color Navy Day

A beautiful cachet, to be applied in three colors, printed and pictorial in character, will be applied to covers on Navy Day by Alex. Hesse, Jr., 449 Troutman Street, Brooklyn, N. Y., and cancelled aboard ships. Not more than three covers from any individual and 1 cent forwarding postage must accompany covers.

Another Armistice

A printed cachet to be mailed from five different ships will be sponsored on Armistice Day by Leonard Rogers,

Say Linn's To Advertisers

257 Green Street, Fairhaven, Mass. Most naval fans are familiar with Len's nice cachets, which, as an artist, he designs. His Armistice cachet, November 11, will be the nicest he has sponsored to date, so get your covers off, with 1 cent forwarding postage added.

In Explanation

To various correspondents who ask me to print past naval covers to use as a sort of check list, let me explain that I would gladly do this if space permitted. But it does not, and I believe most readers prefer advance news on pending events rather than descriptions of covers received, and unless a majority write me otherwise, I will have to continue giving future rather than past news.

Linn's Naval Club

All of you, and you are legion, who have been expressing a desire to form a Linn's Naval Cover Club, have your wishes granted. Note the announcement elsewhere in this connection. Now all who want to join, send me a stamped, self-addressed envelope, and I'll mail you your membership card and number. No dues, no obligation—just a bunch of jolly good people organizing into a hobby club for mutual benefit, exclusive cachets and bulletin news.

Generalísimo Trujillo Bridge

In "The World in Review" column in this issue will be noted the statement that three values of postage stamps are to be issued by the Dominican Republic, showing the "Generalísimo Trujillo Bridge." This bridge is located about 91 kilometers north of Santo Domingo City on the "Duarte" Road, the main highway to Santiago de los Caballeros, and crosses the Yuna River, which lies between Sanan and the city of La Vega.

The bridge is made up of three steel spans, each 150 feet long, with a total length of 450 feet, and is supported by two abutments and two concrete pillars of the gravity type, rising to a height of 15 feet above the river level. The inauguration date was August 14, 1933.

CANADA—Without any advance notice, which gave sufficient time in which to secure a F. D. C., a double sized pictorial was issued on August 16th, in commemoration of the One Hundred and Fiftieth Anniversary of the Founding of New Brunswick. Upright rectangular format, engraved, not quite as large as the recently issued Cartier stamp, design too elaborate to describe here. Perf. 11, Unwmkd.:

in September or October in commemoration of the 100th anniversary of the birth of the great Finnish poet Aleksis Kivi.

(Whitfield, King & Co.)

GERMANY—The 8 pfennig orange stamps, Scott's type A64, both with the mesh and swastika watermark, exist with a curious variety in the sheet. Ten stamps in the sheet show the Gothic "D" in "Deutsches Reich" open at the top, instead of closed. We understand that these sheets were quickly bought up by German dealers and that the variety has been corrected.

(Whitfield, King & Co.)

INDIA—Cochin—Official Stamps. Type of 1923, overprinted in black and surcharged with a new value in red, as Scott's #136:

A7—6p. on 10p. Dark Blue

" — 50c. violet (R)
" — 1.25L. gray blue (R)
A175—5L. plus 2½L. blue (R)

Also the Air Post values:

AP33— 75c. rose red (B)
AP34—5L. plus 2½L. red orange (B)
AP35—10L. plus 5L. green (R)

(Scott's Monthly Supplement)

KUWAIT—We are officially informed that the stocks of the 2 annas and 4 annas Air Mail stamps are exhausted and that when the existing stocks of the 3 annas and 6 annas are exhausted no further printings will be made. As these stamps have been on sale for such a short time they should prove to be quite good, especially the 6 annas, which has only just appeared.

(Whitfield, King & Co.)

MANCHUKUO—Type of 1932, wmkd. wavy lines, perf. 13:

A2—1y. gray violet
(Scott's Monthly Supplement)

RUSSIA — The Soviet printer evidently knows no rest. Another commemorative is on the way. These are to be known as the "World War Commemoratives." The 5 kopek symbolizes the preparation for war—"The Clouds Are Gathering." The 10 kopek shows a village in flames and the flight of its populace. The 15 kopek will depict "Before and After the Front." One half of this stamp will show the triumphal departure to the front, the other the return of crippled soldiers. The 20 kopek will bear a design showing the fraternization of soldiers at the front.

(Philatelic Magazine)

SALVADOR—New Provisionals, overprinted in black.
A116—8c. on 1 col. violet and green (350,000)

A2—1p. deep scarlet

Also a new value which was due for issue the end of August:

A2—9p. olive green and salmon pink

K. M. GIERHART, BALTIMORE, OHIO

Some wielders of the new metal handstamps have become very proficient with them. So much so that they can make a metal handstamp product look like an electro. Rockford, Ill., and Westwood, N. J., are two good examples in U-120. New Britain, Conn., in U-121 is another. In the case of the U-120, for the beginner it's hard to distinguish between it and U-12. One test, though, can be applied, a key to the detection of all three the metal handstamps, and that is the fact that the town name and state name are much closer together, vertically speaking, than in most any other type of precancel.

Some time back I listed a Mother's Day, and then later a Wisconsin from Gloucester City, N. J. I have been informed that these are not authentic. If you have any of these you now know their status.

In remounting my collection, I note from time to time things that are a little out of the ordinary. These I intend to note for the benefit of my readers. In Bay City, Mich., I note a very large list of items under Type 7, but very few stamps. None of the items listed are rare or catalog out of the ordinary, but still, in fourteen years of collecting, I have only been able to get three. Just didn't come my way, I guess. From Benton Harbor in U-5. I note that in the 1914 issue perf. 10 a 1c in blue ink is listed inverted, but none listed invert. in black ink. I have a copy, though, in black inverted. Whether this is an error or not in listing, I do not know. I also have a 13c perf. 11 and 50c up. comp. perf. 1922 issue in U-5. In Belleville, Ill., I note a type listed as U-85. The only one I have in this type shows that while Belleville is in the style of U-85, Ill. is plain without serifs like U-86. Who has a number of these to check up and see if this is constant or not?

Paul J. Young of Norristown has been able to complete a set of Bi-Cents from the home town in U-80 type. No. U-80 was listed in the Bi-Cent catalog from here. Also in U-80 I noted a MARYLAND, OGLE-

DICKEY, The Stamp Man, Newton, Kansas

THORPE, and BRADDOCK, 1c Yosemite, and a WISCONSIN. From Oaks, Pa., in U-122 I checked a MARYLAND reading down, and a MOTHER'S DAY across.

In a recent lot mixed items I came across a 30c comp. from Niagara Falls in U-15 double up. Then a horizontal pair of ½¢ comp. odds. from Memphis, Tenn., in Type II, one stamp showing a much larger face of type than the other. I have noticed this several times before, but this is the first time I have been able to get a pair showing this up. In looking over my 1917 issue and my older duplicates in this type, I do not find any specimens of this large type, which leads me to believe that this is either a repaired plate or a different one. How about it, you TENN. collectors???

UNITED STATES BUREAU PRECANCELS

DALLAS
TEXAS

KANSAS
CITY
MO.

No matter what you collect you should consider U. S. Bureau Precancels.

The Bureau of Printing and Engraving prepares the precancel overprints for the large cities and heavy users in small centers. The printing is done in the same operation as is the printing of the stamps, similar to Molly Pitcher, Hawaiians and Kansas and Nebraska overprints.

The first Bureau precancel was issued in 1923 and to date we have less than 2700 varieties. It still is possible to build up a complete collection.

An investment they will bring you a better return than any other stamps, including mint U. S.

EXPANSION ALBUM

JUST what its name implies, built so that it may be expanded to three or four times its original capacity. Sold with 100 pages, you may add another 100 or 200 pages in the same binder, no additional cost for binders.

THE BINDER is of the finest workmanship, built to last a lifetime, heavy board, a full quarter inch thick, covered with red Buckram with black leather corners, round cornered and hinge of black leather. The backstrip is of tubular aluminum covered with black leather. A substantial heavy binder that will stand hard usage. Cover stamped in gold.

Both front and back covers are separate pieces, pages are held between covers with brass screw posts which permits of expansion to any thickness.

PAGES are 11 $\frac{1}{4}$ x11 $\frac{1}{4}$ inches, round cornered, printed on 28 pound ledger paper. Printed from quadrille plates in grey ink, with a mounting area 9 $\frac{1}{2}$ x7 $\frac{1}{2}$ inches. Pages are marked in quarters for easy arrangement in mounting.

The album lays open readily at any point and a stub is included between each ten pages so as to allow for expansion.

A new idea in albums, yet a practical one that will permit of expansion and addition of more pages without buying extra binders.

The album is built of highest quality material, solid, substantial and economical.

GLASSINE PAPER and KODAPAK *For Interleaving Your Album Pages and For Stamp Display*

Glassine Paper and Kodapak are used extensively for Interleaving Album pages and to prevent stamps from rubbing or snagging. While Kodapak is thoroughly transparent, clear as crystal, it is more expensive than Glassine and will split and tear more readily. Glassine paper has been used extensively and has proven satisfactory for interleaving.

We supply either item cut in proper sizes for many different albums and quote prices for both items. When supplied for ring or post binder albums, the proper holes are punched in the paper, to fit the albums as listed below. All sizes are quoted slightly smaller than the album pages as it is most satisfactory in that form.
